

Instructions for Accessing MSDNAA Software Center

1. Go to http://msdn02.e-academy.com/nwtcgreenbay_bus/ and you will see the following welcome screen.

The screenshot shows the MSDN Academic Alliance Software Center interface. At the top, there is a blue header with the MSDN logo, "academic alliance SOFTWARE CENTER", and the Microsoft logo. Below the header, it says "Northeast Wisconsin Technical College". There are two tabs: "Software" and "Support". On the left, there is a language selector for "English (United States)" and two buttons: "Log In" and "Register". The main content area has a welcome message: "Welcome to your MSDN Academic Alliance Software Center!". Below this, there are two sections: "Software" and "Help". The "Software" section states that all software licensed under the MSDNAA Program is available here for students, faculty, and staff. The "Help" section provides instructions on where to go for support. To the right of the text, there are several software product boxes, including Windows 7, Visual Studio .NET, and Microsoft SQL Server 2005. At the bottom, there is a footer with links for "Software", "Privacy Policy", and "Support".

2. Click on the "Register" button along the left side.
3. Enter your NWTC Student ID #, a VALID email address and password and click "Submit." Your email address will be your new username. An email will be generated and sent to the email address provided with instructions on how to continue

The screenshot shows the registration form on the MSDN Academic Alliance Software Center. The header is the same as in the previous screenshot. The main content area is titled "Registration" and includes a note: "All fields marked with a * must be completed in order to continue." Below this, there are four input fields, each with a red asterisk: "Student Identifier", "Email Address", "Choose your password", and "Confirm your password". A "Submit" button is located below the "Confirm your password" field. A note below the "Student Identifier" field reads: "If you do not know your student identifier, please contact your professor or MSDNAA Program Administrator." At the bottom, there is a footer with links for "Software", "Privacy Policy", and "Support".

4. Once you login, you will be at the software page. Select the software you need by clicking the box icons, or use the drop down box.

5. For Example, by selecting Visual Studio .NET 2003 Professional, you will see the following options for acquiring the software:

Product Details

<p>Product Name Visual Studio .NET 2003 Professional - Full Install</p> <p>Publisher Microsoft Corp.</p> <p>SKU</p> <p>Platform Windows</p>	 <p>View Product Description</p>
---	---
